

SELF- AWARENESS

I know how my
behaviour and
emotions can
affect my

achievements and how my actions can impact on
others. I reflect on the things that I do so that I
can keep myself safe and be the best 'me'!

COMMUNITY

I know that great
learners not only
work independently,
but work together
and support each
other. I value the
strength of a team.

I can learn from others when I listen and respect
their viewpoints. I recognise that people are all
different and that this makes the world a wonderful
place!

CREATIVITY

I am curious and imaginative. I like to experiment with my learning and look for original and innovative ways to express myself. I celebrate my individuality!

CHALLENGE

I know that to be a great learner I need to be resilient and challenge myself. I know that sometimes learning can be tough, but I do not give up! I am a problem solver!
